Dear Ms. Witt,

We are excited to share that St. Mary Catholic Church is beginning a **feasibility study** to help guide the future expansion of our parish. Over the past few months, our Expansion Committee has been working diligently with our architect, RDG to secure feedback from our parishioners and commissions on the future needs of our parish and have developed an expansion plan and estimated costs. The goal of this feasibility study is to present the plan to our parish and secure the input and opinion for this endeavor.

As part of this process, we will be hosting **home and parish meetings throughout the month of February**. These gatherings will provide an opportunity to learn of our proposed expansion and allow open conversation, fellowship, and sharing your perspective on the needs and hopes for our parish.

What we ask of you:

In the coming weeks, you will receive an invitation with details about the available meeting dates and locations. We hope you will join us for this important step in shaping the future of St. Mary Catholic Church.

Please plan to attend **one of the 10–15 home and parish meetings** scheduled during February. Your voice matters, and your participation will help ensure that our decisions reflect the heart of our parish family.

Thank you for your continued prayers and support. Together, we can build a vibrant and faithful community for generations to come.

In Christ,

Rev. Joseph Van Phung, Pastor
